

PERRY CULTURAL AWARD

In accordance with our identified focus area related to history, Perry Pride applied for and was selected as a host site for the 2015 Smithsonian *Hometown Teams* exhibit through the Kansas Humanities Council. In conjunction with the Smithsonian exhibit we put together a companion local exhibit: *The Evolution of Team Sports Along the Kaw: Together we are stronger.*

Our initial goals with this project were to bring a nationally recognized Exhibit to Perry (Smithsonian), showcase related community sports history, and to continue to build pride in our community.
